Re: Request for Presentation Follow Up

Dear Ms. Anderson-Rosse:

This correspondence serves to follow up with Bullis Public Charter School (“BPCS”) regarding the Mountain View Whisman School District’s (“District”) letter, dated February 15, 2019, in which BPCS was asked to attend and present to the District’s Governing Board (“Board”) regarding its plans for opening Bullis Mountain View (“BMV” or “Charter School”), the status of its governing board, and a detailed explanation of its admissions, lottery and enrollment procedures.

The Board meeting is scheduled for March 7, 2019, and rapidly approaching. To date, the District has not had the courtesy of receiving confirmation or any other communication from you or any other representative of the Charter School regarding its intent to attend the Board meeting. The information requested to be shared is important to the Board and its ability to exercise its oversight responsibilities under the law.

The District intends on placing BPCS’s presentation on the March 7th Board meeting agenda. Accordingly, please confirm with the undersigned as soon as possible BPCS’s attendance and intent to present at the meeting.

Should you have any questions regarding the foregoing, please contact me.

Sincerely,

Dr. Ayindé Rudolph  
Superintendent
