

How to do distance learning at MVWSD

1. Get a device

It's important that each of our families has one Internet-ready device (laptop, tablet, etc.) in their house for schoolwork. If your child needs a Chromebook for schoolwork, please contact your Principal or School Community Engagement Facilitator.

2. Connect to free or low-cost internet for students

School parking lots

You can go to the parking lots at Crittenden, Graham, Mistral, Monta Loma, Landels, District Office, to connect to wifi for free. MVWSD devices will connect automatically. No password required.

While using parking lot wifi, you must remain in your car in order to practice social distancing. Students must have an adult accompanying them.

Xfinity/Comcast

COVID-19 Plan: New families who connect will receive 60 days of free internet service. \$9.95 per month after that for qualifying families. For a map of free WiFi hotspots, go to hotspots.wifi.xfinity.com from a device with internet access. For more information, call (855) 846-8376 or internetessentials.com

Access from AT&T

COVID-19 Plan: Two months of free service to new Access customers who order by April 30, 2020. \$5/mo or \$10/mo thereafter, depending on your speed and if you qualify. All home internet data overage fees are waived. For more information, call (855) 220-5211 or <https://www.att.com/shop/internet/access/index.html>
